MEDICAL FEE DISPUTE RESOLUTION FINDINGS AND DECISION

GENERAL INFORMATION

Requestor Name and Address

VISTA HOSPITAL OF DALLAS
4301 VISTA ROAD
PASADENA TEXAS 77504

Carrier's Austin Representative Box

47

Respondent Name

AMERICAN CASUALTY CO OF READING PA

MFDR Date Received

DECEMBER 2, 2004

MFDR Tracking Number

M4-05-2442-02

REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary Dated December 2, 2004: "Carrier did not provide evidence of final action only a check stub."

Requestor's Supplemental Position Summary Dated January 25, 2013: "According to the Third Court of Appeals' opinion, a provider is entitled to reimbursement under the 'Stop-Loss' exception in the Acute Care Inpatient Hospital Fee Guideline if the audited billed charges exceed \$40,000 and if the surgery(ies) performed on the claimant were unusually extensive and unusually costly...When these elements are proven, then the provider is entitled to be paid 75% of its billed charges. The medical records on file with MDR and the additional records attached hereto, show this admission to be a complex spine surgery...This complex spine surgery is unusually extensive for at least four reasons.....the medical and billing records on file with MDR and additional records attached hereto also show that this admission was unusually costly for three reasons..."

Amount in Dispute: \$52,406.31

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary Dated December 20, 2004: "Attached is the completed TWCC-60 form Initial Request for Medical Dispute Resolution."

Response Submitted by: Stone, Loughlin & Swanson, L.L.P.

Respondent's Supplemental Position Summary Dated December 28, 2004 : "Vista is not entitled to additional reimbursement in this case. Vista was properly reimbursed under the per diem plus carve outs reimbursement methodology."

Response Submitted by: Stone, Loughlin & Swanson, L.L.P.

Respondent's Supplemental Position Summary Dated January 19, 2005 : "On December 17, 2004, the Commission issued a notice stating that it was abating the above-referenced medical dispute because there is a pending extent of injury dispute. This notice was issued in error. The carrier has disputed that the claimant's

injury extends to include a dissecting thoracic aneurism. However, this extent of injury dispute does not affect the above-referenced medical dispute regarding the April 14, 2004 admission for a cervical fusion.”

Response Submitted by: Stone, Loughlin & Swanson, L.L.P.

Respondent’s Supplemental Position Summary Dated January 24, 2013: “There is no evidence that Requestor provided services in this case that would not normally be provided to someone receiving this same type of surgery and that were unusually extensive and unusually costly. Furthermore, Requestor has not identified any specific services it contends were unusually extensive and it has not established the unusual cost of those services. In short, Requestor has not met its burden of proof. For these reasons, the Division should not approve reimbursement under the stop-loss exception but should affirm that reimbursement should be pursuant to the standard per diem method.”

Response Submitted by: Stone, Loughlin & Swanson, L.L.P.

SUMMARY OF FINDINGS

Disputed Dates	Disputed Services	Amount In Dispute	Amount Due
April 14, 2004 through April 18, 2004	Inpatient Hospital Services	\$52,406.31	\$0.00

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers’ Compensation.

Background

1. 28 Texas Administrative Code §133.305 and §133.307, 27 *Texas Register* 12282, applicable to requests filed on or after January 1, 2003, sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.401, 22 *Texas Register* 6264, effective August 1, 1997, sets out the fee guidelines for inpatient services rendered in an acute care hospital.
3. 28 Texas Administrative Code §134.1, 27 *Texas Register* 4047, effective May 16, 2002, sets out the guidelines for a fair and reasonable amount of reimbursement in the absence of a contract or an applicable division fee guideline.

The services in dispute were reduced/denied by the respondent with the following reason codes:

Explanation of Benefits

- G-Unbundling.
- 855-013-Payment denied – The service is included in the global value of another billed procedure.
- M-No MAR.
- 855-016-Payment recommended at fair and reasonable rate.

Issues

1. Did the audited charges exceed \$40,000.00?
2. Did the admission in dispute involve unusually extensive services?
3. Did the admission in dispute involve unusually costly services?
4. Is the requestor entitled to additional reimbursement?

Findings

This dispute relates to inpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 Texas Administrative Code §134.401, titled *Acute Care Inpatient Hospital Fee Guideline*, effective August 1, 1997, 22 *Texas Register* 6264. The Third Court of Appeals’ November 13, 2008 opinion in *Texas Mutual Insurance Company v. Vista Community Medical Center, LLP*, 275 *South Western Reporter Third* 538, 550 (Texas Appeals – Austin 2008, petition denied) addressed a challenge to the interpretation of 28 Texas Administrative Code §134.401. The Court concluded that “to be eligible for

reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved unusually costly and unusually extensive services.” Both the requestor and respondent in this case were notified via form letter that the mandate for the decision cited above was issued on January 19, 2011. Each was given the opportunity to supplement their original MDR submission, position or response as applicable. The division received supplemental information as noted in the position summaries above. The supplemental information was shared among the parties as appropriate. The documentation filed by the requestor and respondent to date will be considered in determining whether the admission in dispute is eligible for reimbursement under the stop-loss method of payment. Consistent with the Third Court of Appeals’ November 13, 2008 opinion, the division will address whether the total audited charges **in this case** exceed \$40,000; whether the admission and disputed services **in this case** are unusually extensive; and whether the admission and disputed services **in this case** are unusually costly. 28 Texas Administrative Code §134.401(c)(2)(C) states, in pertinent part, that “Independent reimbursement is allowed on a case-by-case basis if the particular case exceeds the stop-loss threshold as described in paragraph (6) of this subsection...” 28 Texas Administrative Code §134.401(c)(6) puts forth the requirements to meet the three factors that will be discussed.

1. 28 Texas Administrative Code §134.401(c)(6)(A)(i) states “...to be eligible for stop-loss payment the total audited charges for a hospital admission must exceed \$40,000, the minimum stop-loss threshold.” Furthermore, (A) (v) of that same section states “...Audited charges are those charges which remain after a bill review by the insurance carrier has been performed...” Review of the explanation of benefits issued by the carrier finds that the carrier did not deduct any charges in accordance with §134.401(c)(6)(A)(v); therefore the audited charges equal \$84,347.74. The Division concludes that the total audited charges exceed \$40,000.
2. As noted above, the Third Court of Appeals’ November 13, 2008 opinion in *Texas Mutual Insurance Company v. Vista Community Medical Center, LLP*, 275 South Western Reporter Third 538, 550 (Texas Appeals – Austin 2008, petition denied) rendered judgment to the contrary. In its supplemental position statement, the requestor considered the Courts’ final judgment and opined on both rule requirements. In regards to whether the services were unusually extensive, the Third Court of Appeals’ November 13, 2008 opinion concluded that in order to be eligible for reimbursement under the stop-loss exception, a hospital must demonstrate that an admission involved unusually extensive services. Rule §134.401(c)(2)(C) allows for payment under the stop-loss exception on a case-by-case basis only if the particular case exceeds the stop-loss threshold as described in paragraph (6). Paragraph (6)(A)(ii) states that “This stop-loss threshold is established to ensure compensation for unusually extensive services required during an admission.” The requestor’s supplemental position statement asserts that:

“The medical records on file with MDR and the additional records attached hereto, show this admission to be a complex spine surgery, specifically a three-level cervical discectomy with a two-level complete corpectomy at C5 and C6 and a one-level partial corpectomy at C4 with a three level fusion from C4 to C7 with spinal instrumentation. This complex spine surgery is unusually extensive for at least four reasons: first, this type of surgery is unusually extensive when compared to all surgeries performed on workers’ compensation patients in that only 19% of such surgeries involved operations on the spine; second, this type of surgery required two surgeons, a physician for neuromonitoring, additional, trained nursing staff and specialized equipment thereby making the hospital services unusually extensive; third, Medicare’s length of stay for this DRG is 1.70 days and the median length of stay for workers’ compensation inpatient admission is three days, whereas the length of stay for this admission exceeds both the Medicare LOS and the median LOS for workers’ compensation; and fourth, the patient had comorbidities and complications including: a lengthy history of smoking requiring aggressive pulmonary toilet and prophylactic antibiotics in the perioperative period and borderline hypertension requiring treatment with beta blockers...This patient also developed a fever requiring additional antibiotics and his blood pressure remained elevated requiring extra monitoring. Further, the patient required oxygen when sleeping due to drops in O2 saturation.”

The requestor did not submit documentation to support the reasons asserted that this spinal surgery was unusually extensive. The reasons stated are therefore not demonstrated. Additionally, the requestor’s position that all spinal surgeries are unusually extensive does not satisfy §134.401(c)(2)(C) which requires application of the stop-loss exception on a case-by-case basis. The Third Court of Appeals’ November 13, 2008 opinion affirmed this, stating “The rule further states that independent reimbursement under the Stop-Loss Exception will be ‘allowed on a case-by-case basis.’ *Id.* §134.401(c)(2)(C). This language suggests that the Stop-Loss Exception was meant to apply on a case-by-case basis in relatively few cases.” The requestor’s position that all spine surgeries are unusually extensive fails to meet the requirements of §134.401(c)(2)(C) because the particulars of the services in dispute are not discussed, nor does the requestor demonstrate how the services in dispute were unusually extensive in relation to similar spinal surgery services or admissions. For the reasons stated, the division finds that the requestor failed to demonstrate that the services in dispute were unusually extensive.

3. In regards to whether the services were unusually costly, the Third Court of Appeals' November 13, 2008 opinion concluded that in order to be eligible for reimbursement under the stop-loss exception, a hospital must demonstrate that an admission involved unusually costly services. 28 Texas Administrative Code §134.401(c)(6) states that "Stop-loss is an independent reimbursement methodology established to ensure fair and reasonable compensation to the hospital for unusually costly services rendered during treatment to an injured worker." The requestor's supplemental position statement asserts that:

"The medical and billing records on file with MDR and additional records attached hereto, also show that this admission was unusually costly for three reasons: first the median charge for all workers' compensation inpatient surgeries is \$23,187; the median charge for workers' compensation surgeries of this type is \$39,000; therefore, the audited billed charges for this surgery substantially exceed not only the median charges, but also the \$40,000 stop-loss threshold; second, as mentioned in the preceding paragraph, in order for this surgery to be performed, specialized equipment and specially trained, extra nursing staff were required, including three nurses and two scrub techs, thereby adding substantially to the cost of surgery in comparison to other types of surgeries; and third, it was necessary to purchase expensive implants for use in the surgery."

The requestor asserts that because the **billed charges** exceed the stop-loss threshold, the admission in this case is unusually costly. The Division notes that audited charges are addressed as a separate and distinct factor described in 28 Texas Administrative Code §134.401(c)(6)(A)(i). Billed charges for services do not represent the cost of providing those services, and no such relation has been established in the instant case. The requestor fails to demonstrate that the **costs** associated with the services in dispute are unusual when compared to similar spinal surgery services or admissions. For that reason, the division rejects the requestor's position that the admission is unusually costly based on the mere fact that the billed or audited charges "substantially" exceed \$40,000. The requestor additionally asserts that certain resources that are used for the types of surgeries associated with the admission in dispute (i.e. specialized equipment and specially-trained, extra nursing staff) added substantially to the cost of the admission. The requestor does not list or quantify the costs associated with these resources in relation to the disputed services, nor does the requestor provide documentation to support a reasonable comparison between the resources required for both types of surgeries. Therefore, the requestor fails to demonstrate that the resources used in this particular admission are unusually costly when compared to resources used in other types of surgeries.

4. For the reasons stated above the services in dispute are not eligible for the stop-loss method of reimbursement. Consequently, reimbursement shall be calculated pursuant to 28 Texas Administrative Code §134.401(c)(1) titled *Standard Per Diem Amount* and §134.401(c)(4) titled *Additional Reimbursements*. The Division notes that additional reimbursements under §134.401(c)(4) apply only to bills that do not reach the stop-loss threshold described in subsection (c)(6) of this section.
- Division rule at 28 Texas Administrative Code §134.401(c)(3)(ii) states, in pertinent part, that "The applicable Workers' Compensation Standard Per Diem Amount (SPDA) is multiplied by the length of stay (LOS) for admission..." Review of the submitted documentation finds that the length of stay for this admission was three surgical days and one ICU/CCU; therefore the standard per diem amounts of \$1,118.00 and \$1,560.00 apply respectively. The per diem rates multiplied by the allowable days result in a total allowable amount of \$4,914.00.
 - 28 Texas Administrative Code §134.401(c)(4)(A), states "When medically necessary the following services indicated by revenue codes shall be reimbursed at cost to the hospital plus 10%: (i) Implantables (revenue codes 275, 276, and 278), and (ii) Orthotics and prosthetics (revenue code 274)."
 - A review of the submitted medical bill indicates that the requestor billed revenue code 278 for Implants at \$20,800.00.
 - The Division finds the total allowable for the implants billed under revenue code 278 is:

Description of Implant per Itemized Statement	Quantity	Cost Invoice	Cost + 10%
Shaft Fibular 12 x 60mm	1	\$1,050.00	\$1,155.00
Screw 144 mm Spinal Solution	4	\$300.00/each	\$1,320.00
Plate Window 62mm	1	\$2,950.00	\$3,245.00
TOTAL	6		\$5,720.00

- 28 Texas Administrative Code §134.401(c)(4)(C) states “Pharmaceuticals administered during the admission and greater than \$250 charged per dose shall be reimbursed at cost to the hospital plus 10%. Dose is the amount of a drug or other substance to be administered at one time.” A review of the submitted itemized statement finds that the requestor billed \$425.00/unit for Morphine Sulfate PCA 30mg/30ml. The requestor did not submit documentation to support what the cost to the hospital was for these items billed under revenue code 250. For that reason, additional reimbursement for these items cannot be recommended.

The division concludes that the total allowable for this admission is \$10,634.00. The respondent issued payment in the amount of \$10,854.50. Based upon the documentation submitted no additional reimbursement can be recommended.

Conclusion

The submitted documentation does not support the reimbursement amount sought by the requestor. The requestor in this case demonstrated that the audited charges exceed \$40,000, but failed to demonstrate that the disputed inpatient hospital admission involved unusually extensive services, and failed to demonstrate that the services in dispute were unusually costly. Consequently, 28 Texas Administrative Code §134.401(c)(1) titled *Standard Per Diem Amount*, and §134.401(c)(4) titled *Additional Reimbursements* are applied and result in no additional reimbursement.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 additional reimbursement for the services in dispute.

YOUR RIGHT TO APPEAL

Either party to this medical fee dispute may appeal this decision by requesting a contested case hearing. A completed **Request for a Medical Contested Case Hearing** (form **DWC045A**) must be received by the DWC Chief Clerk of Proceedings within **twenty** days of your receipt of this decision. A request for hearing should be sent to: Chief Clerk of Proceedings, Texas Department of Insurance, Division of Workers Compensation, P.O. Box 17787, Austin, Texas, 78744. The party seeking review of the MDR decision shall deliver a copy of the request for a hearing to all other parties involved in the dispute at the same time the request is filed with the Division. **Please include a copy of the *Medical Fee Dispute Resolution Findings and Decision* together with any other required information specified in 28 Texas Administrative Code §148.3(c), including a **certificate of service demonstrating that the request has been sent to the other party.****
